Sir:

The Examiner is respectfully requested to consider the references, which may qualify as prior art and are listed on the attached Patent and Trademark Office Form PTO-1449.

This information is cited in a spirit of forthrightness and cooperation to enable the applicants to obtain that measure of protection for the invention to which there is entitlement. However, no representation is made that the listed art actually qualifies as prior art under the patent statute and the mere use of PTO-1449 is not an admission that all listed references are prior art. No representation is made that applicants know of the best art.

In accordance with 37 C.F.R. 1.97 (c), applicants state that the items provided herewith were cited by the U.S. Receiving Office as International Searching Authority under the Patent Cooperation Treaty, in the PCT counterpart of the present application and that the International Search Report was issued by the ISA/US less than three months prior to the filing of this Information Disclosure Statement.

It is believed that this submission does not require the payment of any fees in view of the statement under 37 C.F.R.1.97 (e)(1). If this is incorrect, however, please charge any requisite fees to Deposit Account No. 07-1969.
